Vila Central Hospital has received a set of 180 chairs kindly donated by the association of business people from Fujian Province of China in Vanuatu.

The Vanuatu Fujian Association made its second donation to the VCH last week, which was received by the Medical Superintendent of the hospital and Chief Surgeon, Dr. Trevor Cullwick, and his assistant Dr. Tony Harry, Chief Obstetrician/Gynecologist and Head of the Department.

Following Super Tropical Cyclone Pam that hit Vanuatu in 2015, the association, led by its President Zheng Yu Peng of HXM supermarket chain in Port Vila, donated 250 sets of bed sheets, blankets and pillow cases to the hospital.

The Vanuatu Fijian Association organizes fundraising every year to assist the Vila Central Hospital.

Dr. Cullwick and Dr. Harry expressed the gratitude of the hospital to Mr. Zheng and his members for their continuing assistance when some of their representatives visited VCH to make the donation. Dr. Cullwick says the chairs will be used in the Outpatient, the wards, offices and the units and departments of the hospital.
